GOVERNOR'S ADVISORY COUNCIL ON HISTORIC PESERVATION

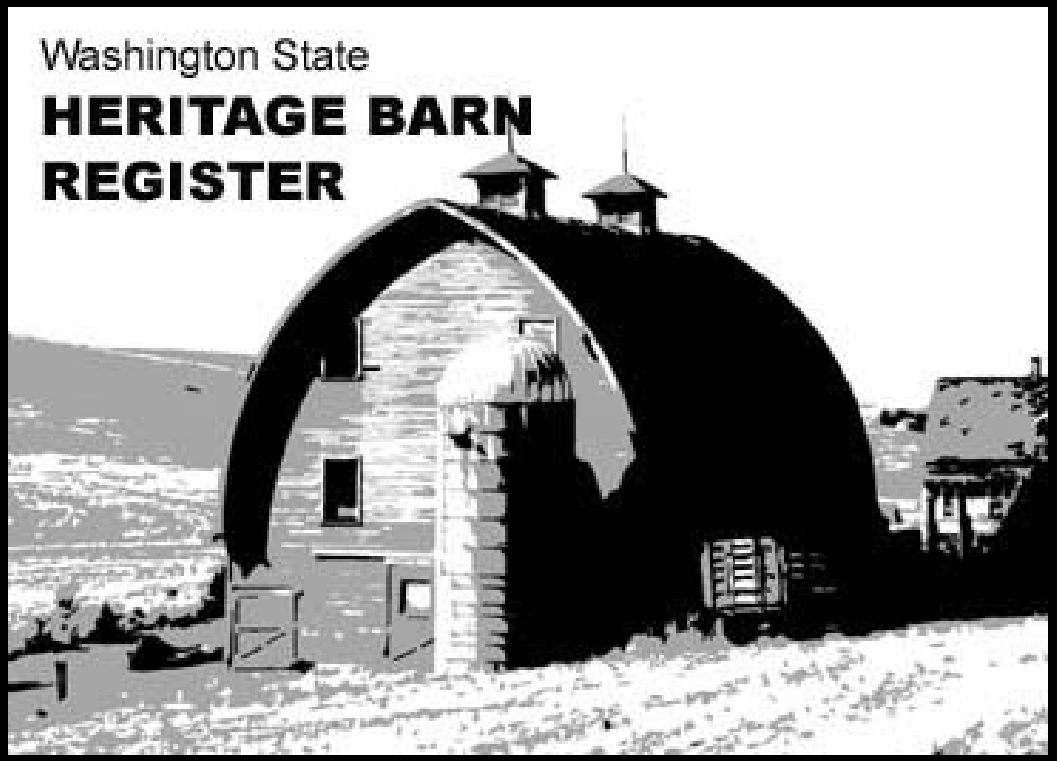
145th Meeting - Snohomish

DEPARTMENT OF ARCHAEOLOGY & HISTORIC PRESERVATION

Protect the Past, Shape the Future

The Washington State

Department of Archaeology & Historic Preservation



Round Two

Review of Properties for Listing

DEPARTMENT OF ARCHAEOLOGY & HISTORIC PRESERVATION
Protect the Past, Shape the Future

Definition of **Heritage Barn**

Section (5) "Heritage Barn" means any large agricultural outbuilding used to house animals, crops, or farm equipment, that is over fifty years old and has been determined by the department to:
(a) Be eligible for listing on the Washington Heritage Register or the National Register of Historic Places; or (b) have been listed on a local historic register and approved by the advisory council.

In addition to barns, "heritage barn" includes agricultural resources such as milk houses, sheds, silos, or other outbuildings, that are historically associated with the working life of the farm or ranch, if these outbuildings are on the same property as a heritage barn.

Heritage Barn Registration **Form**

Handwritten forms accepted, typed form is preferred. Please send an electronic copy of the completed form.
If you need assistance completing the form, please contact Michael Houser, State Architectural Historian, at 360-586-3076 or Michael.houser@dahp.wa.gov

PROPERTY HISTORY: (Expand on the history of the barn/property such as use, builder, architect, family stories and memories, etc., add additional pages if necessary)
The barn was built around 1913 by a man named Beall. The oldest living past resident of the property, Alice Wilson, reported that it was originally used for rabbits, the fur being sold as clothing material. The barn was later used as a dairy barn and for raising beef. Miss Wilson is a local legend and still alive in her nineties, he remembers milking cows in the barn, Nelson has many fond memories of stacking hay in the barn and of the other baseball games that took place in the loft with local kids; many of whom still live here in the area. We currently farm the property and sell certified organic produce through a CSA program and at local farmers markets. We have a lot of interface with the public and host an annual open house as well as periodic farm tours. We would look forward to showcasing the barn when these events with the public take place. The barn has Pinfeld wood siding, exposed knee bracing, extensive trim detail and decorative siding at gable ends.

Please provide current photos of nominated property (interior and exterior (all four sides)) and a map indicating the location of property. Digital images are preferred (please provide disc) or print on photographic paper.

Handwritten forms accepted, typed form is preferred. Please send an electronic copy
If you need assistance completing the form, please contact Michael Houser

OTHER FARMSTEAD BUILDINGS

If building does not exist, * Please provide additional

	ROOF SHAPE	ROOF COVERING	FLOOR PLAN
