As accurately as possible, provide figures related to project cost.

A. Estimated Project Budget:

Construction costs	\$	_____

Total	\$	_____

*Note: Grant funds may not be used for Architectural and Engineering fees. Such expenditures, however, may be counted toward the required county match.

B. Detailed Project Budget:

Please itemize all work elements related to the overall scope of work for which grant funds are requested, indicating the estimated cost of all work elements and whether or not funds are committed for each (in answering yes, the county indicates that funds are committed and in a dedicated account – funds planned for use from future projected revenues should not be considered ‘committed’).

If expenditures on projects completed after January 1, 2016 are being used toward the required county match, provide an additional detailed budget demonstrating all project expenditures broken down by work element. Similarly, for projects currently underway with expenditures eligible for use as matching funds, provide a detailed budget for those work components that qualify to be used as part of the county match.

Line 1	\$ _____	Total estimated project cost
Line 2	\$ _____	State grant funds requested
Line 3	\$ _____	County match (must be at least 25% or greater of requested grant funds)

Figuring the county match:

The county may provide the required match (line 3) entirely through a cash contribution or may receive credit for planning expenses, capital expenditures and in-kind services (provided those in-kind services do not exceed half of the required match amount). All expenses will need to be documented prior to reimbursement. Federal funds may be used to match state grant funds.

Account for documented expenses and available funds in the lines provided:

County Match:

Line 4	\$ _____	In-kind contributions
Line 5	\$ _____	Prior capital expenditures (for eligible projects completed after January 1, 2016)
Line 6	\$ _____	Proposed cash contribution (from allowable sources)
Line 7	\$ _____	Total County match (line 4 + line 5 + line 6; must = line 3 and be at least 25% of the total in line 2)

SECTION 10 PROJECT READINESS

Briefly describe your readiness to proceed with the proposed project. Please indicate if the county has the required matching funds in hand, if they have already been expended as part of a project already implemented, or if matching funds are planned as part of future county revenues.

SECTION 11 COURTHOUSE MAINTENANCE

The following questions are intended to provide the grant selection committee with a better understanding of the maintenance program in place for the courthouse. Briefly respond to the following questions below:

1. How will the county support the on-going maintenance of the courthouse for the next 10 years?
2. What specific measures will be taken to ensure the long-term preservation of the historic character-defining features of the courthouse?
3. Describe any specific capital projects or improvements outside of the existing grant request planned for the next five (5) years that will affect the on-going maintenance of the courthouse.

If yes, please attach a copy of these plans.

Include a copy of any plans or construction drawings for projects completed after January 1, 2016, or currently underway, if expenditures for those projects (either expended or committed) are being proposed to fulfill the required county match.

Please provide information regarding the experience and credentials of the project team (architects, contractors, sub-contractors, and client project managers) in order to ensure compliance with the U.S. Secretary of the Interior's Standards for the Rehabilitation of Historic Properties.

SECTION 13 PHOTOGRAPHIC DOCUMENTATION

Photos cannot be returned.

Please include current images of all four elevations. In addition, provide images detailing the surfaces and character-defining features, both exterior and interior, outlined in the proposed scope of work. Digital images are acceptable provided they are printed at a high resolution (at least 300 dpi) on appropriate quality paper. A CD of all digital images should be included as part of the application.

SECTION 14 DISCLAIMER

1. In order for counties to be eligible for reimbursement through the grant program, ALL components within a funded scope of work must be in accordance with the U.S. Secretary of the Interior's Standards for the Treatment of Historic Properties. Additionally, grant recipients must agree to comply with these Standards when instituting future capital projects for a term of five years. This term begins once the grant project is completed and all reimbursements for that project have been made.
2. Applications selected by the Courthouse Steering Committee to receive grant awards may be reviewed by the State Department of Enterprise Services Barrier-Free Facilities Program to ensure that all stipulations of the Americans with Disabilities Act and associated state laws are appropriately addressed. Any project selected to receive grant funds may be revised to ensure full compliance with ADA requirements.
3. County courthouses under the jurisdiction of a local preservation/design commission must comply with the local review process prior to project implementation. Contact program administrators to determine if a local review process applies.
