Preliminary work is under way for construction of this attractive conservative-modern style home for J. Orville Westberg of the Exchange Lumber company on Twenty-ninth, east of Bernard. The design is by Edwin J. Peterson, Spokane architect. The \$4000 class home is being built by William Bengel, contractor. It contains four rooms and a dining bay. A hot-air heating plant is planned for the half-basement. The exterior will be white, with stained roof. Both wide siding and vertical boarding will be used.
