

Aqua Terra Cultural Resource Consultants is seeking qualified applicants for multiple positions. We are interested in hiring a **Project Archaeologist** for a full-time position. Must meet SOI qualifications and have a minimum of one year's supervisory experience in CRM in Washington State (experience in western Washington a plus) and must be an excellent technical report author. We are also seeking multiple Field Technicians (B.A. in archaeology and at least one year of CRM field experience). Qualified Field Technicians can anticipate a full-time workload between now and Fall of 2020. Interested applicants will be headquartered out of our Olympia, WA location and are desired to be located in western Washington, preferably in the Puget Sound Region. Please email your CV including references (and a professional writing sample if applying for the Project Archaeologist position) to admin@aquaterracrc.com. No phone calls please.

Sarah J. Amell, MMA, RPA
*Principal Archaeologist
