

Personal Column

MR. BLAYNEY says street car patrons may have to wait. That's what it's when they have to ride that it built.

PUBLIC OWNERSHIP.

The little bumpy-trailing cars are broken, broke, broken. The new kind of public bus is a stumpy, straggler, straggler. Although they still are sitting out in the streets and waiting for the public to get out of them.

They settle and they settle. In the daytime and the dark, but their assets look a little like the most, most, most.

If people want to fix 'em. So they pay, pay, pay. And make a pack of money. They pay, pay, pay. And make a pack of money. They pay, pay, pay. And make a pack of money.

UNDERTAKING, TOO. C. D. VII, a distant friend of mine, says that he personally knows all these fellows who run in college shirts, and they are all dead eggs.

ADD QUINONE.

Add to things we ought to mention. The man to whom you face a wrench.

SPORTS NOTE.

MR. MCGRAWITT says probably may be slugged at baseball games. But he's still going to allow them to say, "Oh, pahaw!" when Seattle loses.

AUTOMOTIVE.

EVERY driver should observe the golden rule on the road, according to L. H. MCGRAWITT. That's a simple one: "Don't let your car be a nuisance to anyone else."

PLAYERS.

THERE is a team in Africa that produces wine, we are told. Would you, please, spare that liver!

HAVE.

How fast the busy money tree improves each day. If you don't know how to cut this piece, oh, why die I begin to?

UNRECORDED APPOINTMENTS.

ONE man said that a cigarette was a small white object with a light at one end and a foot at the other. That let's be sure. We always use a holder.

NO HONOR.

DID you see the picture of Ella Sykes, the girl who was honorably discharged as a prima donna, while calling home the other? When some of the comic book people have seen was good grand opera material.

HEALTHFUL.

I never loved a Malay girl. That doesn't have big feet. I never loved a Chinese girl. That doesn't want to eat.

MYSTERY DEPARTMENT.

DO NOT forget that the Chinese is conducting an investigation into the strange disappearance of Horace, the first, the first, the first automobile which we have not had the eyes of the great. Details will be revealed from day to day.

SMOULDERING.

HAVE you ever seen an act where the audience has the pleasure, and spend the remainder of the evening trying to get the article's name from the printed program?

MR. CHALLENGER.

MR. CHALLENGER, the Russian bass, clearly revealed that confusion, no noticed, by calling out numbers in a loud voice before each piece. This always shows where you were.

ONE HUNDRED.

ONE HUNDRED varieties in the whole, more popular than music, suitable for location. There is the choice of getting just. When the curtain goes up on a pair of trousers and a comb, that you know that it must be the Three Vitamins Brothers.

IF IT GOES UP.

IF IT GOES UP on an office when the telephone is ringing, you are sure that it is the One Act Bill.

BEAT AT.

BEAT AT returns you spend the entire time wondering whether he will sell on the last moment of Beat, the British or the Spanish. You never get straightened out until the last number. And even then there is no score not listed.
