Workplace and Domestic Violence Policy

Effective August 4, 2014

Approved by
Allyson Brooks, Director, State Historic Preservation Officer

Application This policy is adopted in accordance with Chapter 49.76 RCW and the Governor's Executive Order 96-05 and applies to all the Department of Archaeology & Historic Preservation (DAHP) employees regardless of appointment type.

Purpose
The Department of Archaeology & Historic Preservation (DAHP) seeks to provide a work environment free from violence or threats of violence against its employees, volunteers, contract staff, clients, customers, and visitors.

Definitions
For purposes of this policy, workplace violence is defined as a single behavior or series of behaviors which constitute actual or potential assault, battery, harassment, intimidation, threats or similar actions, attempted destruction or threats to agency or personal property which occur at an agency workplace, worksite, vehicle or while an individual is engaged in agency business.

Policy Statement
All individuals conducting business while representing DAHP are expected to conduct themselves in a professional manner. DAHP prohibits the display or communication of any violent, harassing, stalking or threatening behavior, verbal or physical, that may result in physical or emotional injury or otherwise place one's safety and productivity at risk.

The possession of weapons in the workplace is also prohibited. Also prohibited is the use of commonplace objects as weapons.

Any staff member who uses state resources, including but not limited to work time, telephones, fax machines, mail, email or other means of communication, to threaten, harass or abuse someone at the workplace or from the workplace, may be subject to corrective or disciplinary action up to and including dismissal.

If necessary, any person who is suspected of engaging in threatening, harassing or violent behavior, which may jeopardize workplace safety will be removed from the property as quickly as safety permits. The individual, if an employee, may also be placed on paid leave or
restricted to working from home pending the outcome of an investigation into the incident. Other individuals may be asked to stay away from the agency premises.

Employees who are perpetrators of domestic violence are encouraged to seek assistance. DAHP will provide information regarding counseling and certified treatment resources and make work schedule arrangements so the employee can receive such assistance.

**Reporting Procedure**

DAHP employees are responsible for notifying the agency director of any threats or behaviors they regard as harassing, intimidating or violent that they have witnessed, received or have been notified of when that behavior is job related or might be carried out at an agency worksite or is connected to agency employment. This includes information and behaviors related to domestic violence. Employees are responsible for making this report regardless of the relationship between the individual who initiated the threat or threatening behavior and the person or persons who were threatened or were the focus of the threatening behavior. If the agency director is not available, personnel should report the threat to their supervisor or another member of the management team.

**Protective or Restraining Orders**

All individuals who apply for and obtain a protective or restraining order, which lists DAHP locations or worksites as being protected areas, must provide the Director a copy of the petition and order. The Director may provide a copy of the order to the Department of Enterprise Services (DES) Human Resources (HR) consultant. Also, this information will be shared on a need-to-know basis to ensure the safety and protection of the agency employee(s) and those doing business with the agency. Protective orders issued as a result of domestic violence will be shared only as provided under RCW 49.76.040.

**Workplace and Domestic Violence**

The DAHP recognizes the impact of domestic violence in the workplace. Domestic violence is abusive or harassing behavior that is physical, sexual, psychological or economical, and is intended to establish and maintain control by a family or household member over another current or former family or household member. “Family or household member” means spouses, registered domestic partners, former spouses, former registered domestic partners, persons who have a child in common regardless of whether they have been married or have lived together at any time, adult persons related by blood or marriage, adult persons who are presently residing together or who have resided together in the past, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship, and persons who have a biological or legal parent-child relationship, including stepparents, stepchildren, grandparents, and grandchildren.

DAHP is committed to making assistance available to employees involved in domestic violence. This assistance may include: confidential means for coming forward for help, resource and referral information, special considerations at the workplace for employee
safety, work schedule adjustments or leave necessary to obtain medical, counseling or legal assistance, and workplace relocation if available. In responding to domestic violence, DAHP will maintain an appropriate level of confidentiality.

**Leave Options for Employees Experiencing Threats of Violence**

In accordance with RCW 49.76, if an employee needs to be absent from work due to domestic violence against the employee or a family member, the length of the absence will be determined by the individual's situation through collaboration with the employee, the employee's supervisor, and the designated Department of Enterprise Services (DES) Human Resource (HR) Consultant. The following forms of leave may be allowed e.g., personal holiday, vacation, sick, compensatory time, leave without pay, and shared leave. DAHP may ask that the employee's request for leave be supported by verification for one of the purposes described in RCW 49.76.030. Verification must be provided in a timely manner. In the event of emergency or unforeseen circumstances, verification must be provided to the employer within a reasonable time period during or after the leave.

An employee may satisfy the verification requirement by providing DAHP with one or more of the following:

- A police report indicating that the employee or employee's family member was a victim of domestic violence, sexual assault or stalking.
- A court order protecting or separating the employee or employee's family member from the perpetrator of the act of domestic violence, sexual assault or stalking.
- Other evidence from the court or the prosecuting attorney that the employee or employee's family member appeared or is scheduled to appear in court in connection with an incident of domestic violence, sexual assault or stalking.
- Documentation that the employee or the employee's family member is a victim of domestic violence, sexual assault or stalking from any of the following persons from whom the employee or employee's family member sought assistance in addressing the domestic violence, sexual assault or stalking: an advocate for victims of domestic violence, sexual assault or stalking; an attorney; a member of the clergy; a medical doctor, or other professional.
- An employee's written statement that the employee or the employee's family member is a victim of domestic violence, sexual assault or stalking and that the leave taken was for one of the purposes described in RCW 49.76.030.

No employee will be penalized or disciplined solely for being a victim of domestic violence. DAHP shall maintain the confidentiality of all information provided by the employee, including the fact that the employee or employee's family member is a victim of domestic violence, sexual assault or stalking, that the employee has requested or obtained leave due to domestic violence, sexual assault or stalking, and any written or oral statement, documentation, record or corroborating evidence provided by the employee.
Information given by an employee may be disclosed by the DAHP only if:

- Requested or consented to by the employee.
- Ordered by a court or administrative agency.
- Otherwise required by applicable federal or state law.
